MDI = multiple daily injections

† Proper pairing, connectivity, and settings required. Talk to your healthcare professional before establishing and changing your settings. Ensure that all doses taken with InPen are logged in the app, that all doses taken with a device other than InPen are logged manually in the app, and that glucose and meal information entered into the dose calculator are current and accurate. Not doing so can result in incorrect dosing, hypoglycemia or hyperglycemia, and serious injury.

Important Safety Information for MiniMed Go™ system

The MiniMed Go system includes the MiniMed Go app, InPen smart insulin pen injector and either the Instinct continuous glucose monitoring (CGM) sensor or Simpler CGM sensor. The system is intended to aid in diabetes management through multiple daily injections of compatible rapid-acting insulins. Age indications vary by CGM. Use requires a prescription, adequate hearing and vision, a compatible mobile device and operating system, pairing and connectivity, proper settings, use of an approved rapid-acting insulin, manual logging of insulin doses administered by means other than InPen, and occasional blood glucose meter (BGM) readings. Establishment of settings and treatment decisions should be made in consultation with a healthcare professional. For additional safety information and user guides, see <https://bit.ly/MiniMedRisks>.

Eligibility Requirements for Access Program

Open to insured patients and patients with commercial prescription insurance and those who are not enrolled in any government-funded program that pays for prescription devices or treatments. Excluded participants include patients enrolled in any federal, state, or government-funded healthcare program such as Medicare, Medicare Advantage, Medicare Part D, Medicaid, Medigap, Veterans Affairs (VA), the Department of Defense (DoD) or TRICARE®, or where prohibited by law. Cash Discount Cards and other non-insurance plans are not valid as primary under this offer. If at any time a patient becomes enrolled under any such federal, state, or government-funded healthcare program, he/she will no longer be able to use this program and must call (800) 646-4633 to stop participation. Restrictions may apply. Offer subject to change or discontinue without notice. This is not health insurance. Offer good only in the USA at participating pharmacies and cannot be redeemed at government-subsidized clinics.
